## INTERNATIONAL SEARCH REPORT

(PCT Article 18 and Rules 43 and 44)

Applicant's o r agent' s file reference 140P/PCT2		Form PCT/ISA/220 tere applicable, item 5 below.			
International application No. PCT/US04/42045	International filing date (day/month/year) 15 December 2004 (15.12.2004)	(Earliest) Priority Date (day/month/year) 16 December 2003 (16.12.2003)			
Applicant SOCIETE DE CONSEILS DE RECHERO					
This international search report has been prepared by this International Searching Authority and is transmitted to the applicant according to Article 18. A copy is being transmitted to the International Bureau.  This international search report consists of a total of sheets.  It is also accompanied by a copy of each prior art document cited in this report.					
<ol> <li>Basis of the Report         <ul> <li>With regard to the language, the international search was carried out on the basis of the international application in the language in which it was filed, unless otherwise indicated under this item.</li> </ul> </li> </ol>					
The international search was carried out on the basis of a translation of the international application furnished to this Authority (Rule 23.1(b)).					
b. With regard to any nucleotide and/or amino acid sequence disclosed in the international application, see Box No. I.					
2. Certain claims were found unsearchable (See Box No. II)					
3. Unity of invention is lacking (See Box No. III)					
4. With regard to the title,  the text is approved as submitted by the applicant.					
the text has been established by this Authority to read as follows:					
5. With regard to the abstract,					
the text is approved as submit	ted by the applicant.	•			
	according to Rule 38.2(b), by this Authority the date of mailing of this international search	• •			
<ul><li>6. With regard to the drawings,</li><li>a. the figure of the drawings to be published with the abstract is Figure No</li></ul>					
as suggested by the applicant.					
	thority, because the applicant failed to sugges	st a figure.			
	thority, because this figure better characterize				
b. none of the figures is to be published with the abstract.
